Celestial PATIENCE! How dost thou defeat
The Foe's proud Menace, and elude his Hate?
While *Passion* takes his Part, betrays our Peace;
To Death and Torture swells each slight Disgrace;
By not opposing, Thou dost Ill destroy,
And wear thy conquer'd Sorrows into Joy.

RELIGION's Force divine is best display'd,
In a Defection of all human Aid:
To succour in Extrems is her Delight,
And cheer the Heart when Terror strikes the Sight.
We, disbelieving our own Senses, gaze,
And wonder what a Mortal's Heart can raise,
To smile in Anguish, triumph in his Grief,
And comfort those who come to bring Relief.
